I just miss you.

You are everywhere and nowhere.

You are heard but there is no sound.

You are present but are not felt.

You are loved but cannot comfort.

You listen but cannot respond.

Your advice hangs in the air but cannot be spoken.

I reach for you, but you are not there.

Your scent is in the air but cannot be smelt.

I feel your hand but cannot hold it.

You accompany me always but are not by my side.

You are gone but never forgotten.

Love ever enduring.
